

WOD FREESTYLE (ADDERALL 50MG)

Robb Bank\$

I'm the general around here they attend to me
Girl with light skin with brown hair take off my shoes and wash my feet
Never seen her stand up, I think she 5'4, I've only seen her on her knees
My dawn gon' fetch his stick like fido and put fuck niggas to sleep
She love vanilla bean but she take cinnamon
Locked in the tower conviction for sinning and
Tryna' torture me, I got a fetish for prisoners
Let me tell you a lil story about a nigga named Griffith
[?] been a hawk so we all known for killing' shit
I beat that pussy to sleep, need a Benadryl
I burn this bitch down to the ground like I'm cyndaquil
And I whip out that big bamboo give it straight to Nil

Dentine ice, I'm the coldest, codeine frozen, it went in her mouth for this
doja
I kissed a Chinese bitch, caught corona
300 rounds and the choppa love Sosa
Just went on a vacay to [?]
Told her thumb me later you a long way from coke bitch
I gave her one Molly, got her open
I gave her two Mollys, now she jonesin'
I gave her three Mollys, then she was golden
Last time I seen a bitch she was walking on cocaine

(Hold up pause it)
Any fuck nigga outchea don't like top doggy
We pulling' up, sprayin' up, banging' up, barking
The day I was born bitch they said I'm a prophet

Dropped a bean in the lean and I watch it dissolve
