

## Deaf, Dumb, And Blind (For O.T.)

Robben Ford

I couldn't hear  
when you spoke to me  
and now you're gone  
What could have been in my head  
To keep me away from you

I couldn't speak  
Even when I had these feelings  
Words would gather in my chest  
And never be heard by you  
Deaf, dumb, and blind  
Caught up in myself until you left me behind  
If I never see you again  
I will remember

I couldn't see  
When you showed your love to me  
I was thinking only of myself  
And missing all that light from you

I can't explain  
Why I ran away from devotion  
The love that I could only hide  
Should never have been denied

Deaf, dumb, and blind  
Caught up in myself until you left me behind  
If I never see you again  
I will remember

I couldn't feel  
Until I awoke and found you gone  
What could have been in my head  
To keep me away from you

Deaf, dumb, and blind  
Caught up in myself until you left me behind  
If I never see you again  
I will remember  
Deaf, dumb, and blind
