

North Carolina

Robben Ford

In a small town, North Carolina
There's a smile that relieves my aching heart
You're just like music
Like sunshine on a rainy day
Taking mercy on a poor boy
Blowing all my blues away

Take me driving through the city
Take me down an old country road
I've got time and money to burn, baby
And I feel like hangin' 'round
And if I feel this way tomorrow
I might never leave this town
Just like music

Go on an airplane to New Orleans
Better meet up with some good friends of mine
So many roads, baby, so many more planes to ride
But I found myself a new love
And I'm feelin' satisfied
Yes I am
Feelin' satisfied
Yeah, yeah
Yes I'm feelin' satisfied
