Call of me
In a rainbow rush
Talk to me
Give a saxo rush
Stay with me
For the very first thrill
In a blazing sun
Choke this feel

Ever watch things grow
Under the rainbow
Under your rainbow cover

Heat on shinning
There's a warrior's drum
An illusion's bomb
We've been marked to come

Try to find myself
Where at it be long
But they found real fire
In a secret song
But in good things grow

Under the rainbow
Under your rainbow cover
