

Supernatural

Robben Ford

You can't avoid this confrontation
You set yourself up good baby
(Don't you want to make it better)
I think your world's a contradiction
You so enjoy your pain
(I can't tell you anything)
You should already know I'm on a mission
It means that much to me darlin'
(Don't you ever feel the weight)

Behind you
Just how beautiful
The world could be inside you
Just how beautiful
How am I to remind you
Just how beautiful

Someone chase those clouds away

There's so much mess its overlapping
I take my chances with it
(Don't you want to make it better)
All kindsa wicked understanding
I'm feel like such a fool darling
(I can't tell you anything)
This time I'm in it for the knowledge
That there was some exchange
(Don't you ever feel the weight)

Behind you
Just how beautiful
The world could be inside you
Just how beautiful
How am I to remind you
Just how beautiful

We're on our way
There's so much to say
Just don't run away this time

I'm feeling so damn supernatural
I'm lighting candles for you
(Don't you want to make it better)
I just can't listen to your drama
Some things are more important
(I can't tell you anything)
Go find the tools for moving forward
Why don't you run along baby
(Don't you ever feel the weight)

Behind you
Just how beautiful
The world could be inside you
Just how beautiful
How am I to remind you
Just how beautiful

Every single morning I
Grab a brand new slice of sky
Spread my mind and let it fly
If I'm breathing I will try

I'm on my way
There's not much to say
Just don't run away
Feels fine
