

Wild About You (Can't Hold out Much Longer)

Robben Ford

I'm just wild about you baby,
Do you ever think of me?
Crazy about you baby,
Don't care if there's nothin' in this world for me!
Yeah, wild about you baby.

Can't sleep at night,
Can't nap through the day,
Can't hold out much longer,
Baby, livin' on this way.

I'm just wild about you baby,
Do you ever think of me?
Crazy about you baby,
Don't care if there's nothin' in this world for me!
Yeah, wild about you baby.

Only one thing baby
That drives a man to drink
Tell me you don't love me.

Well I'm just wild about you baby,
Do you ever think of me?
Crazy about you baby,
Don't care if there's nothin' in this world for me!
Yeah, wild about you baby.
