

Emotion

Robbie Dupree

I get so uptight, I can't sleep at night
I'm a picture of frustration
Is this really happening to me?
Is my heart on ice? Am I paralyzed?
'Cause I'm feelin' no sensation

Makes me wonder what I'm lookin' for
Twentieth-century living always leaves me wanting more
You think that this is paradise
I can't go on existing

'Cause I know that something's wrong
I know that I've been missing
(Emotion, emotion, emotion, emotion)

Well, I try and try but I just can't find
Any real communication
Does anybody know what's going on?
Well, you can't believe everything you see
All that useless information

Isolated with your TV screen
Systematically, you're becoming a part of their machine
And it's exacting such a price
I can't go on existing

'Cause I know that something's wrong
I know that I've been missing
(Emotion, emotion, emotion, emotion)
(Emotion, emotion, emotion, emotion)
I need emotion

Emotion

Makes me wonder what I'm lookin' for
Twentieth-century living always leaves me wanting more
You think that this is paradise
I can't go on existing

'Cause I know that something's wrong
I know that I've been missing
(Emotion, emotion, emotion, emotion)
(Emotion, emotion, emotion, emotion)
I need emotion
So much emotion, baby
Emotion

I get so uptight, I can't sleep at night
I need emotion
I need emotion
I can't sleep at night (Emotion)
I need emotion
(Emotion, emotion)
(Emotion, emotion)
(Emotion, emotion)
(Emotion, emotion)
(Emotion, emotion)
(Emotion, emotion)
