Robbie Dupree

Cold wind blowing through my window
Taxman always coming back for more
Drives me crazy when I hear those footsteps
Trouble knocking on my door
Nice try, but love died
Watched it fall apart right before my eyes
Walls were shaken, promises broken
Trouble knocking on my door

A change is bound to come now
(Changin', changin')
So close that I can taste it
Gonna find that silver lining

Be satisfied
Satisfied (satisfied)
I learned to live with the shadows in my life
Turn the page on that part of my life
And I'll be satisfied
I'll be satisfied

A change is bound to come now
(Changin', changin')
So close that I can taste it
Gonna find that silver lining
I'll be satisfied

I know it's hard to find true peace of mind
I'm gonna keep on tryin', tryin', tryin'
Black top [?] rolling my way
Slow ride down to the Gulf of Mexico
Live on the beaches now, pick up the pieces

I'll be satisfied, I'll be satisfied
Satisfied (satisfied)
Learned to live with the shadows in my life
Turned the page on that part of my life
And I'll be satisfied
I'll be satisfied
