

Truly Amazing

Robbie Dupree

It's been coming down around us
And the lines are being drawn
Fear has taken over
And freedom's on the run

Who will be watching when you cross that line?
They might come knockin' at your door tonight
It's truly amazing
Truly amazing

You can hear the angry voices
Raging like a storm
And the guns have started blazing
But this war has just begun

Who will be watching when you cross that line?
They might come knockin' on your door tonight
Now they've got their eye on everyone
If you get there, wait, it won't be safe for anyone
It's truly amazing
Truly amazing

Who will be watching when you cross that line?
Who's gonna stop you when you speak your mind?
It's truly amazing (Amazing, yeah)
Truly amazing (Truly amazing, yeah)
