

# Why

Robbie Dupree

I miss you tonight  
I can't get you out of my mind  
'Cause nobody can love me like you used to do  
It hurts me inside  
Don't seem like I'll ever be right  
Now I can't believe what you done to me, baby  
When you said goodbye

I still wonder why  
Why  
Why  
Ooh ooh ooh ooh ooh, why

It's different this time  
I'm the one who's standing outside  
And I just can't stop remembering when you were mine  
I miss you tonight  
I wish that I could make it alright  
Now I can't let go even though I know it's over  
You're out of my life

I still wonder why  
Why  
Why  
Ooh ooh ooh ooh ooh, why

It isn't easy for me to believe  
That in time I'll understand  
You said you love me  
Now can't you see?  
I just want you back again

It isn't easy for me to believe  
That in time I'll understand  
You said you love me  
Now can't you see?  
I just want you back again

I still wonder why  
Why  
Why  
Ooh ooh ooh ooh ooh, why

Well, I can't believe what you done to me, baby  
When you said goodbye  
And I can't let go  
Even though I know  
You're out of my life
