

# Pray

Robbie Robertson

In the moon the black cherries  
Kicking Bear brought news of the Paiute Messiah-Wovoka  
The prophet of the ghost dance, prophet of the ghost dance  
The whole world is coming  
A nation is coming, a nation is coming  
The eagle has brought the message to the tribe  
The farther says so, the farther says so

The farther says so  
Pray with me  
Pray with me  
Pray with me

Over the whole earth they are coming  
The buffalo are coming, the buffalo are coming  
The Crow has brought the message to the tribe  
The farther says so, the farther says so

Pray with me  
Pray with me

We shall live again  
Pray with me  
We shall live again  
Pray with me

Over the whole earth they are coming  
The buffalo are coming, the buffalo are coming  
The whole world is coming  
A nation is coming, a nation is coming

We shall live again  
We shall live again

Come on Comanche  
Come on Cheyenne  
Come on Sioux  
Come on Sioux

We shall live again
