

# Eternal God

Robbie Seay Band

Forever, forever  
You have been my home  
Patience, patience  
You've got all the time in the world  
So we are more than blades of grass  
Distant dreams fading fast  
How long will You have us wait

We will wait on You

These days are fleeting  
And life is hard  
God eternal  
Come back to us  
And with the sun bring surprising love  
To this day of eternal God
