

# Bullet

Robbie Williams

Well, it was years ago long before I'd ever met the queen  
I would stay up all night and act like heaven was a place I'd already seen  
And then you straddled me, like a bridge going somewhere good  
And I looked at your eyes and I was like, oh my word

This is how I fell in love  
(That was the moment when I)  
No one ever near good enough  
(That was the moment when I)

It started years ago long before I'd ever been to see  
Us, hoping she would come and find, run and find me  
But I was somewhere out of time, out of space, out of whack  
(Never look back, never look back)  
It's the unknown now, can never look back  
(Never look back)

This is how I fell in love  
(That was the moment when I)  
No one ever near good enough  
(That was the moment when I)

That's why  
(This is what it feels like)  
I fell  
(This is what it feels like)  
In love  
(This is what it feels like)

And I hope it don't change  
And I hope it stays the same  
And I hope we do remain best friends  
Cause I love you more than life  
Take a bullet for you  
I swear, I swear  
In a heartbeat  
I'd jump in front of that gun  
And take a bullet for you baby  
(Take a bullet for you baby)  
Instantly  
(Take a bullet for you baby)

You're why  
I fell in love  
(Take a bullet for you baby)  
And that's why  
It hurts  
(Take a bullet for you baby)

I'd take a bullet for you  
I'd take a bullet for you  
I'd take a bullet for you  
I'd take a bullet for you  
I adore you  
(Take a bullet for you baby)  
I adore you  
(Take a bullet for you baby)

I love you  
(Take a bullet for you baby)

You are why I fell in love  
(That was the moment when I)  
This is how I fell in love  
(That was the moment when I)

Never look back  
Never look back  
Never look back
