

Hey Tiger!

Robbie Williams

Hey there, Tiger, glad you called, come on in
There's lots of biscuits in the biscuit tin
Put on your smile and let the fun begin
Today won't come around again

We've got no rushing, we've not nothing planned
We could listen to a big brass band
Or pick a flavour from the ice cream van
Today won't come around again

Hey Tiger! (Tiger!)
When you see a chance go out and grab it
Be more like a tiger than a rabbit
You can make a spirit soar by simply opening the door
Let's face it that's what doors are for
Tiger! (Tiger!)
Do the things you love while you are able
Time to get up from the kitchen table
Go ahead and open up the door

We could row a boat across the lake
Find a place that sells chocolate cake
And all we have to do is stay awake
Today won't come around again

Hey Tiger! (Tiger!)
When you see a chance go out and grab it
Be more like a tiger than a rabbit
You can make a spirit soar by simply opening the door
Let's face it that's what doors are for
Tiger! (Tiger!)
Do the things you love while you are able
Time to get up from the kitchen table
Go ahead and open up the door

Hey there, Tiger, glad you called, come on in
There's lots of biscuits in the biscuit tin
Put on your smile and let the fun begin
Today won't come around again
Today won't come around again
Today won't come around again
