(Where we met on Christmas Eve)

She's an [?] I'm working class  
And I treated her real bad  
I never got to apologize  
About the man who made you sad  
I know I set the lock 'cause I was wild  
When you're young you're a machine

We were drinkin' with the Idlewild  
In the days of speed  
And we met on Christmas Eve

We drank until the mornin' light  
Like we were never goin' home  
And we sang a song a million sing  
Just like we scored a goal  
I must've made promises I couldn't keep  
But if you trust the fool then the fool you will be  
But I looked into your eyes and sold you a dream  
Then we fled the scene where we met on Christmas Eve

Then I moved into her big ol' house  
I never been to Saint John's wood  
There were movie stars and media types  
We were all up to no good  
And we are [?] 'cause we were wild  
Body twisted where we went (Body twisted where we went)  
We were livin' with the Idlewild  
In the days of speed  
And we met on Christmas Eve

We drank until the mornin' light  
Like we were never goin' home  
And we sang a song a million sing  
Just like we scored a goal  
I must've made promises I couldn't keep  
But if you trust the fool then the fool you will be  
But I looked into your eyes and sold you a dream  
Then we fled the scene where we met on Christmas Eve

I know who you're with  
I know where you are  
I know you found love and you deserved it  
I was just a kid but I know what I did  
I ask for forgiveness if I'm worth it

We drank until the mornin' light  
Like we were never goin' home  
And we sang a song a million sing  
Just like we scored a goal  
I must've made promises I couldn't keep  
But if you trust the fool then the fool you will be  
But I looked into your eyes and sold you a dream  
Then we fled the scene where we met on Christmas Eve
