

Rocket

Robbie Williams

One, two, three, four

And I hurt, but it's worth it, I guess I deserve it
I secretly love it, I can't stop getting off it
It burns, and it burns, and it burns, and it burns
And you die, or you learn, or you're just wasting your turn
And I came, and I'm maimed, and I don't explain
It's a fame, it's a shame, it's the name of the game
And it works, and it works, and it works, and it works
Till it's don't, then it hurts and then it keeps getting worse

I just wanna be your rocket
What a time to be alive, what a time to be alive
What to do with your big fat life? Are you gonna let it blow your mind?
I just wanna be your rocket

If you're coming for me, better come for the head
Who knows when it's over, we'll see when you're dead
First I get off my face and I take off my clothes

I can leave you with nothing, like only God knows

I just wanna be your rocket
What a time to be alive, what a time to be alive
What to do with your big fat life, are you gonna let it blow your mind?
I just wanna be your rocket

I'm a disgrace and I do deserve it
But look at your face, nobody's perfect
What a waste, what a waste and I'm proper worthless
And I get it all out when I'm feeling nervous

I just wanna be your rocket
What a time to be alive, what a time to be alive
What to do with your big fat life, are you gonna let it blow your mind?
I just wanna be your rocket
I just wanna be your rocket

Be, be, be your rocket
Be, be, be your rocket
Be, be, be your rocket
Be, be, be your rocket
