

# Starstruck

Robbie Williams

You laugh at us we're different  
And we laugh 'cause  
You're all the same  
By the look on your face baby  
We've been enjoying ourselves again.

I know that you cry  
I know why you try so hard.

Ready steady go,  
Everybody famous  
Everyone you know,  
Why'd it take you ages.

I don't have to listen  
Read love like you  
I've got no problem with  
The physical minimal real life  
Living in histerica for everybody's betterment  
Isn't it a miracle, everybody's starstruck.

I guess the odds are very good  
But the goods are very odd  
And even though I talk with the Devil  
I only made the deal with God.

I am alarmist  
Knock one off the wrist, so hard.

Ready steady go,  
Everybody famous  
Everyone you know,  
Why'd it take you ages.

I don't have to listen  
Read love like you  
I've got no problem with  
The physical minimal real life  
Living in histerica for everybody's betterment  
Isn't it a miracle, everybody's starstruck.

You want me to stop,  
But you can't, can you?  
I was lovely on the way up,  
On the way up.

Ready steady go,  
Everybody famous  
Everyone you know,  
Why'd it take you ages.

I don't have to listen  
Read love like you  
I've got no problem with  
The physical minimal real life  
Living in histerica for everybody's betterment  
Isn't it a miracle, everybody's starstruck.

Ready steady go...

I don't have to listen

Read love like you

I've got no problem with

The physical minimal real life

Living in histerica for everybody's betterment

Isn't it a miracle, everybody's starstruck.

Ready steady go.
