Fadin' Away

Robert Cray

You find you can't Get away from your trouble Hang on It will soon fade away

Nothin' stays the same Just like night turns to day Hang on Cause it's fadin' away

I feel the gloom and despair Everything is turned around And sometimes it just isn't fair You get kicked when you're down

Remember, the good times always follow the bad Pretty soon It will all fade away

Cause you can't go back To what you never had Hang on Cause it's fadin' away, fadin' away

If this lonely world seems so damn cold And you find yourself Losin' control Hang on Hang on

Oh, when you're feelin' sad That you've been misled Hang on They'll soon fade away

Ain't it a shame? No one takes the blame? Hang on Cause they're fadin' away, fadin' away They're fadin' away

Ain't it a shame?

Hey!

Fadin' away, fadin' away

Nothing stays the same No!

Fadin' away, fadin' away

Like night turns to day

Hey!

Faded away, faded away

Faded away

Nothing stays the same

Hey!!!

Fadin' away
