

Hold On

Robert Cray

Woman, I've had quite a day
I got caught up, lost in the freight
All that I can think about is coming home to you
I'm on my way, said I'm on my way

I've got to hold on to this thing
This love between me and you
I'm about to lose my mind
Out here counting highway signs
And all that I can think about is coming home to you
I'm on my way, said I'm on my way

I've got to hold on to this thing
This love between me and you
Whenever it seems that this world is closing in on me

Never was a golden boy, the one who got the girl
When you finally made your choice, you really changed my world
I was lost before, but now y'know that I'm found
And all that I can think about is coming home to you

I've got to hold on to this thing
This love between me and you
Whenever it seems that this world is closing in on me

I've got to hold on to this thing
This love between me and you
Whenever it seems that this world is closing in on me

I've got to hold on to this thing
This love between me and you
Whenever it seems that this world is closing in on me
