

T-Bone Shuffle

Robert Cray

Let your hair down, baby
Let's have a natural ball
Let your hair down, baby
Let's have a natural ball
If you don't let your hair down, woman
We can't have no fun at all

Oh you can't take it with you
That's one thing for sure
Oh you can't take it with you
That's one thing for sure
There ain't nothin' in the world
That the T-Bone Shuffle won't cure

Run here, baby
Sit down on your daddy's knee
Run here, baby
Sit down on your daddy's knee
I've got something, pretty baby
Something's that's ailing me
