

Chaos Chaos Chaos

Robert DeLong

I wanna numb my brain and float in space
While I watch you end the human race
I wanna eavesdrop on my kids at work
I wanna bloodstain on my pretty shirt

I wanted chaos, chaos, chaos
I wanted chaos, chaos, chaos
I wanted chaos, chaos, chaos
I got my chaos chaos chaos

I wanna fuck my friends at 8 am
After we get back from EBM
I wanna do a line off of your car
I wanna regret hook up from the bar
I wanna kill your gods and screw your plans
I wanna switch your hour and second hand
I wanna hold a seance at a church
I want chaos chaos chaos

Chaos, chaos, chaos
I wanted chaos, chaos, chaos
I wanted chaos, chaos, chaos
I got my chaos chaos chaos

I wanna open up the county jail
I wanna steal Jeff Bezos private mail
I wanna fall in love then fuck it up
I wanna fall in love then fuck it up

Chaos, chaos, chaos
Chaos, chaos, chaos
Chaos, chaos, chaos
Chaos, chaos, chaos
