

## GOD 1.9

Robert DeLong

At the bottom of the sea  
You know that's where you'll find me  
In slow motion on the ocean floor  
Crawling around like a lobster

Waiting for you to notice me  
Crawling back toward the beginning  
Living a dark and endless dream

I don't know why this  
Cold life is always chasing  
Down the fire  
We're hiding

I'm lookin', yeah I'm lookin' for you  
I'm lookin,' yeah I'm lookin' for you  
I'm lookin,' yeah I'm lookin' for you

On the tallest of the peaks  
I'm digging around for a diamond  
In the center of the earth was formed  
By applying incredible pressure

Waiting for you to notice me  
Looking for you on a mountain  
Living a bright and dreadful dream

I don't know why this  
Cold life is always chasing  
Down the fire  
We're hiding

I'm lookin', yeah I'm lookin' for you  
I'm lookin,' yeah I'm lookin' for you  
I'm lookin,' yeah I'm lookin' for you
