

Walk Like Me

Robert DeLong

You repeat like a parrot
You see outfit, you wear it
You go health-goth in Paris
You wear it with sadness
Do you still hate your parents?
Do you eat kale and carrots?
Take a pic and you share it
You share it, it's madness

You could be a god or an astronaut
You could be on Bono's secret yacht
You could live inside the shit you bought
You could give it all you got

You can't walk like me
You can't walk like me
You can't walk like me
You can't walk like me

I repeat like a parrot
I see Netwave, I wear it
I go norm-core in Paris
I wear it with sadness
I still drink with my parents
I still eat kale and carrots
Take a pic, I don't share it
I hide it, it's madness

You could be a convict or a cop
You could take a bath in soda pop
You could live inside the shit you bought
You could give it all you got

You can't walk like me
You can't walk like me
You can't walk like me
You can't walk like me
You can't walk like

You could be a god or an astronaut
You could be on Bono's secret yacht
You could live inside the shit you bought
You could give it all you got

You can't walk like me
You can't walk like me
You can't walk like me
You can't walk like me...
You can't walk like
