

All My Hope

Robert Finley

I been healed by a savior
I felt the fire from above
And I been down to the river
And I came back where a prodigal returned

All my hope is in Jesus
Thank God my yesterday's are gone
And all my sins are forgiven
Cause I been washed by the blood

I'm no stranger to the prison
I've worn the shackles and the chains
But I've been freed and delivered
And I'm not going back cause I'll never be the same
And that's why I like to sing

All my hope is in Jesus
Thank God my yesterday's are gone
And all my sins are forgiven
Cause I been washed by the blood

Strange thing could happen in a man's life
To bring him to his knees
God knows I've been there more than a time or two
But no matter what was my situation
See I know, I know just who brought me through
And that's why I like to sing

All my hope is in Jesus
Thank God my yesterday's are gone
And all my sins are forgiven
Cause I been washed by the blood
You wanna help me sing it one time?

All my hope is in Jesus
Thank God my yesterday's are gone
And all my sins are forgiven
Cause I been washed by the blood

I say all my sins are forgiven
Yeah, cause I been washed by the blood
