Come On

Robert Finley

Come on, come on, come on, come on
Baby I need you out here on the floor
Cause there's something about you baby that you need to know
The way I like, everything you do
I'd spend the whole night just watching you

I wanna dance with you while I can
I wanna be real sexy and hold your hand
I hope your boyfriend gonna understand
Cause you're staying right here with me
I'm gonna be your man

Come on, come on, come on, come on
Girl I know you're the kind that likes to have some fun
And I like everything that you've done
I knew that you're one of a kind
That's why I'm trying so hard to make you mine

I wanna dance with you while I can
I wanna take a little time off and hold your hand
I wanna listen to your problems, I wanna try to understand
If you give me a little chance, I'm gonna be your man

Come on, come on, come on, come on
Baby come on
Come on baby
Come on

Girl there's something about you that I like
You seem to have everything on track
Everything you do is blowing my mind
I'd guess you must be, you're so God darn fine

I wanna dance, I wanna hold your hand
I wanna try to say I'm your man, I always do the best I can
But there's something about you girl, that I just don't understand

You got something that I need
Girl I tell you, you mean so much to me
You got something that I need
Girl I tell you, you look good enough to eat

If you dance with me for a little while
If you spend the night with me, keep up the smile
If you dance with me for just a little while
Spend one night together
