

Is It Possible To Love 2 People

Robert Finley

You see me and my wife
We got three little girls, they just as cute as they can be
But see me and my woman
We got three little boys, and they all look just like me

Now don't get mad, listen to me
Is it possible to love two people, or am I losing my mind
Let me see if I can explain it to you

You see I met this woman, the kind I wanted all my life
And I told her I was married and I was happy with my wife
And when we first started out, we were just the best of friends
But we found ourselves getting together again and again
But this is what happened

Each time we stayed a little bit longer
The feeling kept growing stronger and stronger
We had no intention of doing nothing wrong
But once we got started I just couldn't leave her alone

Is it possible to love two people at the same time
I need somebody to tell me
Is it possible to love two people or am I losing my mind

I went to my doctor, I laid back on the bed
I had the man to check out my heart
He said slim, you a lucky man boy
It's dang tearing you all apart, that's what my doctor told me

So I went to my psychiatrist, I laid back on the couch
I had the man to check out my head
He said slim, you a lucky man boy
That you ain't already dead

I'm old enough to know the difference between right and wrong
But the thing in the street wasn't as good as the one at home
Is it possible, is it possible, I wanna know, is it possible
You see, I love my wife and I love my woman too
And I need both of them in my life to make my dreams come true
