I call her miss city, cause I know I can get it, haha
She got everything that I need
She can run it at any speed
Miss kitty
Oh, I love me some Miss Kitty
I know she blew my mind
But I don't remember when she did it

Miss Kitty
Miss Kitty
I love myself some Miss Kitty
She ain't blew my mind, and it didn't take much time
Miss Kitty
Good girl, bad girl
Comin' to town to rock your world
Good baby, ain't no lie, I like to say hi but I hate for the sa
y goodbye
'Cause you're all I need, I'm talking about you

Miss Kitty

Miss Kitty

Miss Kitty got it right and it don't take all night
Miss Kitty
You got a spell on you, she got a spell on me
She got a spell on you, then she put a spell on me
And the way she moves her body
Makes a blind man see
I love Miss Kitty
