

# Sneakin' Around

Robert Finley

Y'all better quit that  
Oh yeah, finally caught up with ya  
I knew something wasn't right

I was out in the club one night  
Hangin' with my friend  
We was out in the club one night  
At the Dew Drop Inn  
And they were talkin' to each other  
But I heard em' say your name then  
One man said he knew ya  
From the other side of town  
Another man promised him  
That you wasn't messing around  
So, I didn't know who they were talkin' 'bout  
But I heard them call your name  
And I just had to drop my head  
'Cause I was so damn ashamed  
All this stuff you put me through  
I'm gettin' tired of you

'Cause girl you been sneakin' around  
Sneakin' around  
You've been sneakin' around  
Ahh, you've been sneakin' around  
You've been sneakin' 'round  
The reason I know it's true  
Everybody's watching you  
Sneakin' around  
You've been sneakin' around

Play your guitar

What about you?  
What about you?  
What about you?  
Remember that birthday party?  
You gave my friend a lap dance  
Don't say you didn't, I know you did it  
And all the men got in line  
And they was waiting on their chance  
You didn't think I would find out  
You didn't think I'd ever know  
But now it's out in the street, baby  
And I'm gonna have to let you go

You've been sneakin' around  
Girl, you've been sneakin' around  
Ahh, you've been sneakin' around  
I know you've been sneakin' around  
The reason I know it's true  
Everybody's talkin' 'bout you  
Sneakin' around  
Sneakin' around

Sneakin' around  
Yeah, you've been sneakin' around

Thought I wasn't gonna catch ya, did ya? Haha  
Alright, we know about you too
