

Breathe

Robert Gasper

Don't worry about it (don't worry about it)
You've had a long day (you've had a long day)
Just don't say nothing (just don't say nothing)
I've got your shift today (I've got your shift today)
Just take a second, breathe
Just take a second and breathe

Aye, aye, aye, aye
Aye, aye, aye, aye
Aye, aye, aye, aye
Breathe
Aye, aye, aye, aye
Aye, aye, aye, aye
Aye, aye, aye, aye
Breathe
Breathe

Don't worry about it (don't worry about it)
You've had a long day (you've had a long day)
Just don't say nothing (just don't say nothing)
I've got your shift today (I've got your shift today)
Just take a second, breathe
Just take a second and breathe

Aye, aye, aye, aye
Aye, aye, aye, aye
Aye, aye, aye, aye
Breathe
Aye, aye, aye, aye
Aye, aye, aye, aye
Aye, aye, aye, aye
Breathe
Breathe
Just breathe, yeah

Don't worry about it (don't worry about it)
You've had a long day (you've had a long day)
Just don't say nothing (just don't say nothing)
I've got your shift today (I've got your shift today)
Just take a second, breathe
Just take a second and breathe

You should take a moment just for yourself
Take it for yourself
You should take a moment just for yourself
Take it for yourself
You should take a moment just for yourself
Take it for yourself (Oh, yeah)
You should take a moment just for yourself (Aye, oh, oh)
Take it for yourself (Aye)
Just breathe, yeah
