

Insane

Robert Glasper

Hella glad you made it
Shot a clock I'm faded
Be my designated

Call your driver baby
'Cause that body drives me crazy
I let you drive
Drive me insane
I'm down for the ride
Drive me insane

That body on you so insane
Them legs you got is so insane
The way you walk is so insane
You've been walking on my brain
So I let you drive
Drive me insane

I let you drive
Drive me insane
I'm down for the ride
Drive me insane

That body on you so insane
Them legs you got is so insane
The way you walk is so insane
You've been walking on my brain
So I let you drive
Drive me insane
