

Talking Shit

Robert Gasper

Hey uh Joe could you pick play
Joe James can you play uh
Unless you wanna welcome our looking partner
Could you pick, play some kind
Figure that you could keep playing through the
Something like that
You know instead of tan ta tan
Something like that
That goes on, some kinda blues that goes on all the time
You know that sound like tan ta tan
Listen up

Run again
Ready, boom
Keep on
That's good Joe
Cause it
Cause it doesn't break you know
It doesn't sound corny or doesn't break the mood
And hereby whenever you feel the mood is gonna be appropriate
Just play a [?] or something you know to close em together
Pay no attention to Frederick
Good do it again and keep on playing that way
In fact you don't have to do it anymore
Just blow [?] Joe should start
This is how
This is your thing Joe, cool it cool it
Joe Joe everybody know's it now
Would you get on the organ and play the bass
[?] what you said I can't hear you
Wait a minute, why can't you play the bass Joe
It'll be heavier unless you wanna walk around here looking boss
y
[*Coughing*] shit
