

## Why We Speak

Robert Glasper

Cœur de l'eau  
Cœur de terre  
Il se tait dans notre papier cadeau  
I crack the ball and remember  
Vous n'avez jamais eu la liberté de tourner  
C'est dans l'esprit de la Terre  
Ce qui n'a pas de prix  
N'a pas de prix  
Tout à coup, c'est maintenant  
Qu'il faut même encore pleurer

We got a long while left to burn, but it's easier when you know whatever's a  
live in you  
Nous sommes réveillés  
It's love alive (Maintenant et puis en avant)  
Et l'arbre de vie et L'œuf cosmique  
Et le sang de la Terre

Se souvenir  
Se souvenir - While we speak the English  
Se souvenir - While we speak the French  
Se souvenir - While we speak the Spanish  
Se souvenir - And bargain with the vendors  
Se souvenir - Not to sell our souls  
Se souvenir - In between, remember how to speak

Out of my mouth before I had to say  
Nobody ever wants to sit there one day

Je me suis souvenu  
Toutes les couleurs du ciel  
Et c'est dans le cœur de mon ventre  
Tout à coup, c'est maintenant  
Qu'il peut même encore pleurer

We got a long way left to go, but it's easier when you know whatever's alive  
in you  
Nous sommes réveillés  
Oh love alive (Maintenant et puis en avant)  
Et l'arbre de vie et L'œuf cosmique  
Et le sang de la Terre

Sometimes in life when you go too far  
The truth will bring you to who you are  
Sometimes in life when you go too far  
The truth will bring you to who you are  
Sometimes in life when you go too far  
The truth will bring you to who you are  
Sometimes in life when you go too far  
The truth will bring you to who you are

Life can bring you down when you're living in it  
These circles and cycles go round though you even spin it  
But you stoppin it when your shoulder is a reminder  
To not run yourself in the ground, to yourself be kinder  
Sometimes I got real cast by truth even in the rear view  
Driving aimlessly around with nowhere to stay to

She ain't the should be them, the vibes like an abstract poet  
If somebody ask who you are, well, you better know it, better know it, better know it

Se souvenir  
Se souvenir - While we speak the English  
Se souvenir - While we speak the French  
Se souvenir - While we speak the Spanish  
Se souvenir - While we, ah  
Se souvenir - And bargain with the vendors  
Not to sell our souls  
In between remember how to speak  
How we speak  
How she speaks  
Out of my mouth before I had to say  
Nobody ever wants to sit there one day

To remember often, all the sage disasters are done  
I remember often, all our sage disaster is done  
Se souvenir  
Se souvenir  
How to cry, how to ground, how to burn, how to breathe  
Se souvenir  
To remember often, all the sage disasters are done  
How to ground, how to burn, how to breathe  
Se souvenir

L'arbre de vie  
L'œuf cosmique  
Et le sang de la Terre

Se souvenir  
L'arbre de vie  
L'œuf cosmique  
Et le sang de la Terre

We've got a lot left to unlearn, but it's easier when you know how to use the light in you  
It's a love alive

L'arbre de vie  
L'œuf cosmique  
Et le sang  
Cœur de l'eau, cœur de terre  
Se souvenir
