

Thirty Days Hath September

Robert Goulet

[Chorus]

Thirty days hath September
April, June and November
But who needs to remember
My days belong to you

[Verse 1]

I don't have to refer
To the years calendar
When each day is there
Just to show you how much I care

[Chorus]

Thirty days hath September
April, June and November
But who needs to remember
My days belong to you

[Verse 2]

It's one long holiday
Right from June, darling, to May
For my whole life through
Won't you let me prove it to you

[Chorus]

Thirty days hath September
April, June and November
But who needs to remember
My days belong to you

[Chorus]

Thirty days hath September
April, June and November
But who needs to remember
My days belong to you
