

# Euphoria

Robert Grace

When you're out in church singing gloria  
I'm on the floor in euphoria  
Tears in my eyes, out of my mind  
Bury my pain deeper inside

If the devil comes along, gets a hold of ya  
Hurry up and hide in euphoria  
I'll meet you there keep you company  
But don't take no advice if it comes from me

Gloria  
Euphoria

Living life like a cheap James dean  
Watching myself through a movie screen yeah  
Where did all the time go  
Wasted every minute tryna balance on a tightrope

Prayed for an Angel and she came to me  
Had a face like it's straight from a magazine yeah

But I had to mess that up too  
Cause I push away everything  
I really should hold on to

And I wonder how  
I'm lonely now

When you're out in church singing gloria (gloria)  
I'm on the floor in euphoria (euphoria)  
Tears in my eyes, out of my mind  
Bury my pain deeper inside

If the devil comes along, gets a hold of ya (hold of ya)  
Hurry up and hide in euphoria (euphoria)  
I'll meet you there keep you company  
But don't take no advice if it comes from me

Gloria  
Euphoria  
I'll meet you there keep you company  
But don't take no advice if it comes from me

Feeling lower than I've ever been  
Filling these cracks with my medicine yeah  
You use to take care of me  
Now I'm spending all my money getting over you in therapy

Cause my memories lie  
I'm compromised  
I remember it so differently  
How'd we go from friends  
To lovers to enemies

And I wonder how  
I'm lonely now

When you're out in church singing gloria (gloria)  
I'm on the floor in euphoria (euphoria)  
Tears in my eyes, out of my mind  
Bury my pain deeper inside

If the devil comes along, gets a hold of ya (hold of ya)  
Hurry up and hide in euphoria (euphoria)  
I'll meet you there keep you company  
But don't take no advice if it comes from me

Gloria  
Euphoria  
I'll meet you there keep you company  
But don't take no advice if it comes from me

If it comes from me yeah  
If it comes from me yeah  
If it comes from me

I'll meet you there keep you company  
But don't take no advice if it comes  
If it comes from me  
If it comes from me  
I'll meet you there keep you company  
But don't take no advice if it comes from me
