

# Fake Fine

Robert Grace

Twenty-seven, life is armageddon  
I've got clinical depression 'cause my mind's an imperfectionist  
I fall asleep, wait, I don't wanna wake up  
But I never wanna take another pill to make me fake fine  
I'll get some help  
Sit down with my therapist  
To try to teach me lessons  
But I forget just what the question is  
'Cause I'm a fuck-up stuck here with my hands cuffed  
Behind my back, tryna keep myself intact  
I'm feeling great, no thanks for asking  
Hope you know it's all an act 'cause

It's so much easier to lie (Woo!)

Bad luck if you're someone like me  
Got your head above water but you still can't even breathe  
It's a pandemic, it's a fucking disease and it's following me (Woo!)  
Bad luck if you're someone like me  
Got your head above water but you still can't even breathe  
It's a pandemic, it's a fucking disease and it's following me

Yeah  
2020, vision's feeling funny  
Got a rumble in my tummy, nose is runny  
But I swear I'm fake fine  
This year has been a doozie  
I flick from 'flix to huli  
Too sick to pick a movie  
Mixin' blue drink in my smoothie  
Another wasted day away (Ayy, ayy)  
Doesn't help to ease the pain (Oh-oh, oh)  
We got to vote, it's the only thing that gives me hope  
Fuck Donald Trump but let me end this on a different note

'Cause it's so much easier to lie (Woo!)

Bad luck if you're someone like me  
Got your head above water but you still can't even breathe  
It's a pandemic, it's a fucking disease and it's following me (Woo!)  
Bad luck if you're someone like me  
Got your head above water but you still can't even breathe  
It's a pandemic, it's a fucking disease and it's following me

It's like a movie  
It's not the real me  
Oh, maybe next time  
But for now, I'll pretend that I am fake fine  
It's like a movie (It's like a movie)  
It's not the real me (It's not the real me)  
Oh, maybe next time (Oh, maybe next time)  
But for now, I'll pretend that I am fake fine

Bad luck if you're someone like me  
Got your head above water but you still can't even breathe (Woo!)  
It's a pandemic, it's a fucking disease and it's following me (Yeah, woo!)  
Bad luck if you're someone like me

Got your head above water but you still can't even breathe  
It's a pandemic, it's a fucking disease and it's following me
