

# Fckd In The Head

Robert Grace

(I'm a little fucked in the head)  
(I'm a little fucked in the head)

Man I got demons  
But you'll never meet them  
Keep them locked up  
So nobody ever sees them  
It's not right, na, na, na  
I'm not fine na, na, na

So many conditions  
Issues and prescriptions  
I could try to talk  
But nobody ever listens  
It's not right, na, na, na  
I'm not fine  
Yeah, 'cause

I'm a little fucked in the head  
I'm a little fucked in the head  
I don't wanna get out of bed  
'Cause I'm a little fucked in the head

We don't want perfections  
Yeah, we got depression  
Just another label to add to my collection  
It's not right na, na, na  
I'm not fine

Why so serious  
So cynical  
Stay up late and wake up miserable  
Can't stop thinking, overcritical  
Yeah

I'm a little fucked in the head  
I'm a little fucked in the head  
I don't wanna get out of bed  
'Cause I'm a little fucked in the head

I'm fucked in the head  
I'm fucked in the head  
I'm fucked in the head  
So fucked, so fucked in the head  
I'm fucked in the head  
I'm fucked in the head  
I'm fucked in the head  
So fucked, so fucked in the head
