

I'm Here Too

Robert Grace

I told you to forget about him
'Cause all he does is hurt you in the end
Don't waste your time
You can crash with me tonight
I told you to forget about love
Couple one night stands will be enough
Don't waste your time
You can crash with me tonight

Everytime you fall I can pick you up
You don't need to find another guy who will treat you wrong
You just gotta listen to your heart
You knew all along yeah

Like hey, I'm here too
And I could lay next to you
The missing part, I fix all your broken hearts
Like hey, what am I supposed to do?
Tell me that you want this too
The missing part, I fix all your broken hearts
Yeah

I told myself to hold it all in
That I was lucky just to be your friend
But I changed my mind
Will you come home with me tonight? Yeah
I keep thinking you won't like me like that
That's why I try and push the thoughts back
But I changed my mind
Will you come home with me tonight? Yeah

Everytime you fall I can pick you up
You don't need to find another guy who will treat you wrong
You just gotta listen to your heart
You knew all along yeah

Like hey, I'm here too
And I could lay next to you
The missing part, I fix all your broken hearts
Like hey, what am I supposed to do?
Tell me that you want this too
The missing part, I fix all your broken hearts
Yeah

Hey
I fix all your broken hearts
Hey
I fix all your broken hearts yeah

I'm so done with hiding these feelings
I just gotta let you know
I'm in love with you
You're my weakness
I can't seem to let you go
I'm so done with hiding these feelings
I just gotta let you know
I'm in love with you

You're my weakness
I can't seem to let you go

Like hey, I'm here too
And I could lay next to you
The missing part, I fix all your broken hearts

Like hey
I fix all your broken hearts
You know I could treat you better
You know I
I fix all your broken hearts
