

# Self

Robert Grace

I self-sabotage, self-medicate  
Self-camouflage, self-isolate  
I just really wish that the voices in my head  
Would go and talk to someone else instead  
But they don't want to

I'm a little late to the party  
I'm a little late to the starting line  
I could give a hundred different reasons  
Why I don't believe in myself  
Deceiving myself, I mean it

Never felt less than right now, yeah

Why can't I feel good without feeling so bad  
Why can't I feel happy instead of feeling so sad  
'Cause I self-sabotage, self-medicate  
Self-camouflage, self-isolate  
I just really wish that the voices in my head  
Would go and talk to someone else instead  
But they don't want to

I guess I'm a little stuck in the past  
Every mistake I make, yeah it takes me back to  
A mess like the first time I felt love  
From a boy who always told me I would never be enough, yeah  
'Cause I was always different but I hid it well  
There was something missing but you couldn't tell  
I was in the middle of a breakdown  
Wait now, everybody slow down  
I don't wanna talk about this right now

Why can't I feel good without feeling so bad  
Why can't I feel happy instead of feeling so sad  
'Cause I self-sabotage, self-medicate  
Self-camouflage, self-isolate  
I just really wish that the voices in my head  
Would go and talk to someone else instead  
But they don't want to

I just wanna feel  
'Cause I know I was always gonna follow you  
I just wanna feel  
I just needed you to be my friend

Why can't I feel good without feeling so bad?  
Why can't I just be happy instead of feeling so sad  
'Cause I self-sabotage, self-medicate  
Self-camouflage, self-isolate  
I just really wish that the voices in my head  
Would go and talk to someone else instead  
But they don't want to

'Cause I self-sabotage, self-medicate  
Self-camouflage, self-isolate  
I just really wish that the voices in my head  
Would go and talk to someone else instead

But they don't want to
