

Closer to the Edge

Robert Palmer

Close to the edge
Close to the edge

Passions surging
Life emerging
Pressure ceases
Missing pieces

Break through
Break free
I'm telling you
Quit pushing me

Close to the edge

Promise me no lies
Promise me
Promise me no lies
Promise me

Close to the edge
Close to the edge

Break through
Break free

Close to the edge
Close to the edge
Close to the edge
Close to the edge

Love is waiting
Incubating
Passion surging
