

## Messiahs

Robert Pollard

I like it in their it looks good  
when I'm at home I love you good  
when away even more  
it's good to care for  
dreams like strings in cold trees  
iceberg heads and alien flavors  
this being a giftshop  
an electronics tent sale  
over here in seats folded warmly

I like it out there the timeclock kills  
must be the iron wills  
of future kings who ride their ships  
through fast atmospheres
