

# Grass

Robert Wyatt

Go and sit upon the grass  
And I shall come and sit beside you  
Go and sit upon the grass  
And I shall come and sit beside you

And we shall talk  
And while we talk I'll hit your head with a nail to make you understand me  
While we talk I'll hit your head with a nail to make you understand me

Go and sit upon the grass  
And I shall come and sit beside you  
Go and sit upon the grass  
And I shall come and sit beside you

And do not mind if I thump you when I'm talking to you  
Do not mind if I thump you when I'm talking to you  
I've something important to say  
Go and sit upon the grass  
And I shall come and sit beside you  
Go and sit upon the grass  
And I shall come and sit beside you

And when I'm gone you can feel the lumps upon your head  
And think about what I said  
And think about what I said

Go and sit upon the grass  
And feel your lumps
