

Early Ev'ry Midnite

Roberta Flack

Early every midnight
You gonna hear me call your name
Calling you loud and clear
Will you hear, will you hear
What's here in my heart
Hear what has to be said
When I close my eyes
It is you I see in my head

Early every sunrise
You are gonna feel my loving touch
Strolling your body's limbs
Hold my hand, right here to your heart
It's just where I wanna be
It's the only place that I know
Where I can be free

Early every midnight
When life and thoughts of love, so lone
Soften by candle
We can go, we can flow till we become one
Flow into the sun
Flow through to space and through time
Baby, you are a friend of mine
It's just where I wanna be
It's a place where I can be me
