

Friend

Roberta Flack

Now the moon is peering through my thoughts are pure and clear
I see the ones I've taken for granted... ones I love so dear!

Oh my Friend
I can depend
Thick or thin
We are like kin
Oh my Friend
You never gave a second thought
For loving me!

How precious are the gems of kindness so far and few
And giving is a special Gift, returning back to you

Oh my Friend
I can depend
Thick or thin
We are like kin
Oh my Friend
You always gave enough
Unselfishly you cared!

My Friend, My dear Friend
Even when we're apart you stay in my heart
In my mind
In my soul

Friends can depend on each other time and again
Oh my Friend
You always gave enough
Unselfishly you cared!

Oh my Friend
I can depend
Thick or thin
We are like kin
Oh my Friend
You always have and always will be my best Friend
My Friend
My Friend!
