

## Go up Moses

Roberta Flack

Go up, Moses, you been down too long  
Go up, Moses, sing your freedom song  
Go up, Moses, you been down too long  
Go up, Moses, sing your freedom song

Blind man sees that things are wrong  
Deaf man hears some funny changes  
Boss man hears the people's song  
Coats his lies and rearranges

Go up, Moses, you been down too long  
Go up, Moses, sing your freedom song

Ain't no love and ain't no hate  
Only dollars got the weight  
Lift your heads and pass the plate  
Sit back, just don't pay the freight

Am I clear this morning y'all  
Am I clear this morning y'all  
Am I clear this morning y'all  
Am I clear this morning y'all  
Am I clear this morning y'all  
Am I clear this morning y'all

Go up, Moses, you been down too long  
Go up, Moses, sing your freedom song

Go up, Moses  
You been down too long  
You been down too long  
You been down too long

My people, let pharaoh go  
You don't need him; you don't need his tricks, you don't need his trinkets  
Let pharaoh go  
Pharaoh doesn't want, but he needs you  
My people, let pharaoh go  
Without you there is no pharaoh  
So all you have to do to let him go is to let him go  
Just wake up tomorrow morning and say  
Bye, pharaoh... Honey  
You been down too long  
You been down too long....

Go up, Moses, you been down too long  
Go up, Moses, sing your freedom song
