

Just When I Needed You

Roberta Flack

Darlin' Angel,
Somebody, Save me,
Yeah and I feel all right,
I won't forget how I feel tonight, 'cause you're mine
You're right on time
And you look so nice...

Just when I needed you,
You had your arms around my life
You understood, said you could,
I never dreamed you would

Be there when I needed you,
You were the only land in sight.
You seem to be, all I need

Somebody sent me you when I,
Somebody somewhere heard me cry
Somebody gave me you when I,
I needed you (huh oh, huh oh)
(Ooh yeah)

Just when I needed you,
Up when my mission in my mind
It came to me, in a dream
I wondered what could it be?
And just when I needed you
You made me see that I can run
So naturally I believed,

Somebody sent me you when I,
Somebody somewhere heard me cry,
Somebody gave me you when I (gave me what I needed),
I needed you (huh oh)

Somebody sent me you, you (somewhere)
Somebody somewhere (sent me you)
(Say yeah)
Somebody gave me you, (gave me what I needed)
I needed you
