

## Love Is the Healing

Roberta Flack

Starlight shining  
Bathing in the glow of moonlit lovers  
Love's perfection blowing in the wind  
I'm perfection and you're loving me

Starlight whispers  
And it tell the story how I love you  
My imagination feels the skies  
When I'm seeing inside your eyes

Come softly with me  
Let it takes us away  
Come fly the feeling  
Oh, love is the healing  
I am yours  
You are mine

Starlight fading  
In the perfect glow of lovers sunrise  
Mind in mind, our love will fill the day  
La la la la la la

Starlight shining  
Bathing in the glow of moonlit lovers  
Love's perfection blowing in the wind  
I'm perfection and you're loving me
