

## Old Heartbreak Top Ten

Roberta Flack

They played our song again today  
And my heart broke all over again  
There's just no way to run away  
From the old heart break top ten

Well there must be millions  
Whom seem that old heartbreak top ten  
Yeah  
I would be so grateful  
If I never had to sing it again

I tried another love you see  
And you seek, and you seek  
I thought that my poor heart would heal  
Oh but you the only love for me  
And that's how I know our love was real

Don't play that song again  
Makes me remember when  
When you were loving me  
We were so happy
