

## See You Then

Roberta Flack

Part of a dream  
Still hurting  
Hurting in my left eye  
And I know I'm gonna have to make  
A last try  
But if I'm back in California  
Before the snow flies  
I'll see you then

I got no plans aside from living  
Living till tomorrow  
And I'm gonna run on every minuet  
Every minuet  
That I can borrow  
And when I pay back all my dues  
And lose the sorrow  
I'll see you then

Lost, yes, I'm lost  
Lost forever  
Beyond your help and tender kindness  
I cannot see beyond, beyond my cherished blindness

You must admit  
we really, really had a nice time  
There was moment after moment  
Before the love died  
And if I never kiss you lips  
Again, on this side  
I'll see you then  
See you then
