Help Me!

Robin Gibb

All I need is your precious love,
Leaving me waiting ain't good enough,
A thousand nights pass me by,
Needing you near me, keep me alive,

Hoe long can I go one,
Please tell me know cuz I don't know how...

Help me, I'm a lonely girl in an empty world and I'll die,
Won't somebody keep me satisfied,
Baby baby baby don't leave me behind,
Love don't last forever, it's only a dream,
Keeping the fire burning if you know what I mean.
Baby, baby, baby don't leave me...

How did I believe in you.
Being a part of things that you do,
You keep on saying we don't belong,
Love is for losers... my love is wrong,

How long can I go on,
Please tell me know cuz I don't know how...

Help me, I'm a lonely girl in aan emoty world and I'll die,
Won't sombody keep me satisfied,
Baby baby baby don't leave me behind,
Love don't last forever, it's only a dream,
Keeping the fire burning if you know wha I mean,
Baby baby baby help me...
