

Dancing Around Your Mind

Robin Packalen

I know you think those guys are cool, yeah I know ya
I know you love the yeezy shoes
And that livid jackets fit around your shoulders just the way that you like
I'm not a fool yeah I know ya
And they can drive you around downtown if they want to
In their daddies' chevroleets
And they can give you diamond rings and all the shiny things they think that
you like

But Imma be real with you
I just don't dance the way they do
But somehow you think I'm cool
Cause I'm high I think I'm cool

Mr. got me dancing around your mind
Like all the, all the time
Like all the, all the time
Mr. got me dancing, you still got me dancing around your mind
Like all the, all the time
Like all the, all the time

I'm wearing different colored shoes and I know it
I always end up breaking rules
I don't need no friends or things as long as you got time for my crappy move
s
Oh yeah

I will be real with you
I just don't dance the way they do
But somehow you think I'm cool
Cause I'm high I think I'm cool

Mr. got me dancing around your mind
Like all the, all the time
Like all the, all the time
You got me dancing, you still got me dancing around your mind
Like all the, all the time
Like all the, all the time

You still got me dancing around your mind
You still got me dancing around your mind

Oh no
I ain't got moves like Jagger
You say it doesn't matter
Oh no
I ain't got moves like Jagger

Mr. got me dancing around your mind
Like all the, all the time
Like all the, all the time
You got me dancing, you still got me dancing around your mind
Like all the, all the time
Like all the, all the time

You still got me dancing around, dancing around your mind
You still got me dancing around, dancing around your mind
